

reflecta S1-Scan with LCD-Display

The new **reflecta S1-Scan** offers a 2,4" LCD-Display on which you can see the pictures right away, an integrated storage of **32 MB**, an integrated **SD/SDHC-card slot** as well as a **TV-Out-** and **USB port**. Therefore **reflecta S1-Scan** is **universal** and **PC independent** and with his small, compact and handy size all-round deployable. The Scans can be directly stored at the SD/SDHC card via the card slot to display them afterwards onto a Digital Photo frame. The files from SD/SDHC card can be transferred onto the Computer via the USB port and USB-cable.
